RESERVE
S SERVICE MEDAL

ious Service Medal is awarded to
perform four consecutive years
ce. Awarded for higher levels of
mally expected of reservists, the
Naval Reserve Medal in prece-

th and the pendant is $1\frac{1}{8}$″ in dia-

covers the award; authorized by

NAVY EXPERT PISTOL SHOT MEDAL
NAVY EXPERT RIFLEMAN MEDAL

Plates 81, 82 (p. 104)

These medals are awarded upon attainment of rigidly prescribed marksmanship requirements established in the Navy Landing Party Manual.

They have ribbons of $1\frac{1}{8}$″ width in Navy Blue with white stripes differentiating between the medals. The Expert Pistol Shot Medal has two white stripes, one at either end of the ribbon and the Expert Rifleman has three, one in the center and two at opposite ends of the ribbon. Pendants are identical except for the inscriptions. Each pendant is a $1\frac{1}{4}$″ circular disk with a smaller disk superimposed at the top to which the pendant is hooked to the ribbon. The smaller disk has a U.S. styled eagle with wings outspread, grasping in its talons the traditional Navy Anchor. The larger disk has a bull's-eye target in raised relief in the center and on the lower edge is the inscription, "UNITED STATES NAVY." Above the target are the words "EXPERT PISTOL SHOT" or "EXPERT RIFLEMAN" as appropriate. The pendants are bronze. Both medals were designed by the U.S. Mint.

COAST GUARD EXPERT RIFLEMAN MEDAL

Plate 83 (p. 105)

The Coast Guard Expert Rifleman Medal, a shield $1\frac{7}{16}$″ high on a $1\frac{1}{8}$″ Navy Blue ribbon, is awarded upon attainment of rigidly prescribed marksmanship requirements established by the Commandant, U.S. Coast Guard. Authorized by the Secretary of Transportation.

COAST GUARD EXPERT PISTOL SHOT MEDAL

Plate 84 (p. 105)

The Coast Guard Expert Pistol Shot Medal, a shield $1\frac{7}{16}$″ high on a $1\frac{1}{8}$″ Navy Blue ribbon, is awarded upon attainment of rigidly prescribed marksmanship requirements established by the Commandant, U.S. Coast Guard. Authorized by the Secretary of Transportation.
